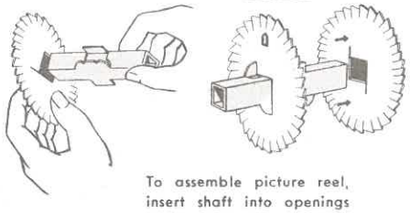
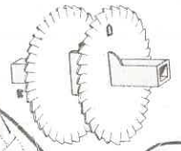
START
Assemble with printed side facing outward
PRESS OUT
Pictures insert into these slots on both wheels in numerical order. Start with No. 1, end with No. 32.
PAT. No. 2,197,268

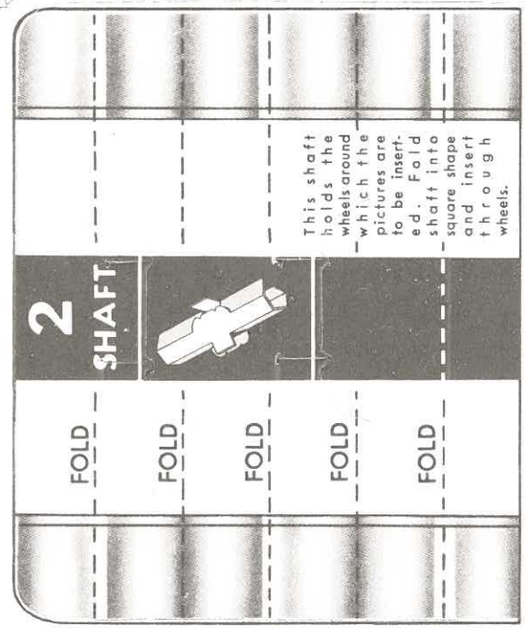


To assemble picture reel, insert shaft into openings on wheels and press together as shown.



Sketch shows the finished reel ready for pictures.

This is the CRANK which fits over shaft and turns the picture reel.



These are the WHEELS which form the reel around which the pictures are to be inserted.

READ INSTRUCTIONS FIRST

Gently press out all parts. Fold where marked—printed side out.

Assemble parts in following order:

1. **WHEELS**—Fit on shaft.
2. **SHAFT**—Insert thru wheels.
3. **MACHINE**—Fold machine.
4. **EYE PIECE**—Fits into top of machine.
5. **CRANK**—Fits over end of shaft on side of machine.

Then insert completed picture reel in the machine. Next close machine.

Fit both sections of crank over end of shaft on side of machine. This side next to machine.
PRESS OUT
Fold crank through center on dotted line. Press out the square openings through which the shaft fits.
Press out circles. Crank is turned with tip of finger placed in this opening.
PRESS OUT

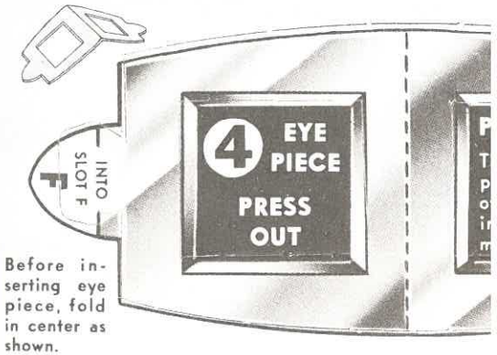
THIS SHOWS COMPLETED MACHINE

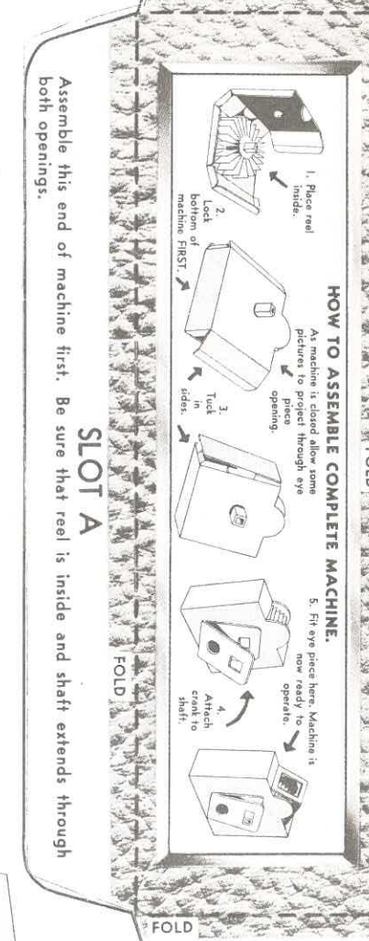


Before inserting eye piece, fold in center as shown.

END FLAP
Fold down

Assemble this end of machine first. Be sure that reel is inside and shaft extends through both openings.

SLOT A



HOW TO ASSEMBLE COMPLETE MACHINE.
1. Place reel inside.
2. Lock bottom of machine FIRST.
3. Tuck in sides.
As machine is closed allow some pictures to project through eye piece opening.
4. Attach crank to shaft.
5. Fit eye piece here. Machine is now ready to operate.
